

# DIDSBURY PIONEER

Vol XXIII

THURSDAY, JUNE 10th, 1926

No. 23

For Chick Feed **The Hub** For Heinz Goods.

**Berries.** STRAWBERRIES are right in at their best. In some parts the crops have been good, but rains have done a lot of damage. The first berries are the best, and we would advise getting your berries AT ONCE. If living a distance from town Phone us No. 42 a day ahead and we will have your berries here for you. Berries are a short period crop, so do not miss them. We have sealers—pints and quarts—also rubber rings

**Pickles.** During these languid, dry windy days, one needs something to enliven the appetite. Try a can of Red Cross Sweet Mixed Pickles at 50c. a can. It will help considerably. Gallon tins at \$1.50. RED CROSS PICKLES ARE GOOD.

We will get you CABBAGE and CAULI-  
FLOWER PLANTS.

FARMERS!

We Want Your EGGS.

Don't forget Stores Closed Thursday Afternoons

## Liberal Candidate Re-tires from Contest.

Charles Yule of Carstairs, who was recently selected as the Liberal candidate for the Didsbury riding, has retired from the contest. This leaves the field clear for a contest between A. B. Claypool, government candidate, and S. P. Williams, Conservative.

The provincial election is dated for Monday, June 28th.

The last general provincial election was held on July 18, 1921, when 39 Farmer members, 14 Liberals, 4 Labor, 3 Independent, and one Conservative were elected to the Legislature; the Liberal administration, which had held office since Alberta was constituted, was retired from office, and a U.F.A. Labor Government was installed, with Hon. Herbert Greenfield as Premier. Since that time Hon. Chas. Stewart, the former Premier and Liberal leader, has gone to the Ottawa government, and Hon. C. R. Mitchell was chosen leader of the Provincial Liberal party, to be succeeded by Mr. J. T. Shaw, ex-M.P., on Mr. Mitchell's appointment as one of the Alberta Appeal Division judges. Gen. Stewart, the Conservative member, resigned to contest Lethbridge for the Commons last October, and Mr. A. H. McGillivray, K.E., was chosen leader of the Conservative party in Alberta, and has been laboring faithfully to get Conservative candidates into the field for all the ridings, with a creditable measure of success. Attorney-General Brownlee replaced Mr. Greenfield this year as Premier for the U.F.A. Labor government, and he, perhaps, is the main spokesman on behalf of the Government policy and record in this election.

For the provincial elections on June 28th Margaret Walker Phillipson and Milo Clemens have been appointed enumerators for the town of Didsbury.

## Jutland.

The Jutland W.C.T.U. met on the 2nd of June, at the home of Mr. and Mrs. Ed. Liesemer for their special program, "The Francis Willard Memorial," about 80 people being present. The program consisted of reading recitations, special songs and instrumentals. This program was enjoyed by all present. A special offering was received for the prohibition work being carried on throughout the whole world. This offering amounted to \$8.90. The rest of the evening was spent in a very social way during which we all part took of a real lunch, after which the program was concluded by singing "Near My God to Thee."

Talk about your cats, and a

## PROVINCE OF ALBERTA DEPARTMENT OF MUNICIPAL AFFAIRS

Notice is hereby given that unless all areas of taxes imposed in respect of any parcel of land situated in Improvement Districts No. 282 in the Province of Alberta, are paid on or before, the First day of July next, such land will be dealt with under the provisions of the Tax Recovery Act, being Chapter 122, Revised Statutes of Alberta, 1922, with a view to obtaining Certificate of Title in the name of the Crown in the right of the Province of Alberta in respect of such parcel.

W. D. Spence,  
Deputy Minister of  
Municipal Affairs.

Edmonton, June 4th, 1926

## Star Model 24

RUNNING-IN-OIL

The Model 24 Star Windmill is furnished with either of two kinds of bearings—Timken Tapered Roller Bearings, or No-Oil-Em Bearings. With either style of bearings, the Model 24 is a light-running, efficient windmill.

Get an improved STAR. It will pump more water in the lighter breezes.

Every Model 24 Star Windmill is absolutely and fully guaranteed against all defects in material and workmanship, if properly erected and oiled with cold test oil, according to printed instructions which accompany the mill, to run for one year, without further oiling.

Polish your Floors with CHAN.

This is a floor wax, comes in both a liquid and paste form.

PAINTS, VARNISHES, STAINS, etc.

## More About This Wonderful Age

In this column last week attention was directed to the marvellous achievements of recent years in the development of rapid means of transport and communication—developments within a decade far outstripping the work of previous centuries. But it is not alone in the field of mechanical invention that this is truly a wonderful age. The onward march of progress is just as rapid and even more remarkable in scientific research and attendant results.

Take the science of preventive medicine as an example. It is difficult today to realize that only a century ago the average length of life was less than thirty years. It practically doubled during the nineteenth century, and now comes the further news that the average of life in the United States and Canada has been lengthened by five years since 1900, but so quietly and effectively have the forces of prevention been carrying on their successful warfare against disease and death that few realize what has been accomplished, nor how it has been accomplished.

One of the chief causes is the decrease in infant mortality. The spread of vaccination did away with smallpox, sterilization and the use of anaesthetics made modern surgery possible, pure milk and water supplies have prevented typhoid, fresh air has done much to conquer tuberculosis, toxids and other serums are eradicating diphtheria, scarlet fever and other diseases, the discovery of insulin has resulted in control of diabetes, while present-day knowledge of how the excess or lack of secretions of the ductless glands affect the health has opened a new world to the medical profession.

With all its horrors, sufferings and losses, the Great War conferred at least one benefit on mankind in that it opened the eyes of all people, and particularly all Governments, to the physical condition of the race and demonstrated that the greatest of all national assets are people, and people of strong bodies and robust health without which mental equipment must remain below par. The Great War also demonstrated on a huge scale beyond all possibility of dispute that disease can be controlled and prevented.

In times of peace, people can, if they will, live in clean and hygienic surroundings, obtain pure food and water supplies, eliminate flies and disease breeding germs. But this is not always possible in the case of troops under war conditions. In the South African war the British had 58,000 cases of typhoid fever and 8,000 deaths in an average army strength of 208,000. In the Great War the average strength of the British Army was 1,250,000 men, but only 7,500 cases of typhoid and 266 deaths therefrom. Why? Because at the beginning of the war all British soldiers were inoculated against typhoid. French soldiers were not inoculated at first and in the first sixteen months there were 98,000 cases with nearly 12,000 deaths. Then the French were inoculated with the result that the amount of typhoid fever fell to that in the British Army.

A very frank article by Dr. C. E. Fleming appears in the British Medical Journal respecting the disappearance of certain infectious diseases which in the past used to demand high toll in Great Britain. Figures quoted from the British Ministry of Health show that from 1880 to 1924 diseases such as diphtheria, typhoid, scarlet fever and tuberculosis have decreased 50 to 97 per cent. In the case of smallpox the decrease is actually 100 per cent., not a single case having been reported in 1924.

Medical science may justly claim a fair share for the result, but better conditions of life, of home, of workshop, the stopping of child labor, shorter hours of work, better food, more sunlight and air, more rational dress, more outdoor recreation, all have been instrumental in effecting this glorious change for the better.

Doctors and Government and municipal health authorities can do much, and are doing it, but unless they are supported by the rank and file of the people their best efforts must fail. An enlightened public can do more to prevent disease than any other agency. It was in full recognition of this fact that in drafting the Covenant of the League of Nations Article XXV. was inserted requiring every nation joining the League to encourage, promote and maintain an active Red Cross Society to enroll all the people in its membership and in a world-wide Crusade for Good Health with the object of promoting health, preventing disease, and mitigating suffering arising out of sickness, accident and disaster. By arousing the interest of all people in health matters, the world-wide organization of the Red Cross is doing much to dispel disease and eliminate much unnecessary suffering, and is thereby adding to length of life and contributing to the happiness and prosperity of all people everywhere.

### Love Of Clean Sport

Bound to Encourage Spirit of Fairness and Courage

It was Talleyrand, we think, who once said that one of the secrets of the greatness of the British peoples was their love of sport. It is something which certainly is more characteristic of the English-speaking peoples than of any other, and it is not confined to any one class among them.

While the youth of our race continue to love sport, to love it and play at it for its own sake, there will be no peril from decadence. Rather will there grow a finer womanhood and manhood, a keener homage for that spirit of fairness and chivalry and clean courage which, after all, are the precious things of life—Ottawa Journal.

### Available At All Times

Typewriting Office in London Translates Anything at Any Time

In Jermyn Street I discovered what is apparently the only non-stop typewriting office in London (says a Daily Chronicle writer); at least, I have not been able to trace any other place of its kind which keeps open day and night, Sundays and Bank Holidays not excepted.

"We type or translate anything at a moment's notice," the proprietress told me, when I was discussing her work with her, and she went on to say that the office contains stenographers who know ten languages perfectly. It is, I suppose, the only office where you can get a stenographer to take Icelandic, Russian or Chinese at 200 words a minute.

## Cuticura Heals Eczema on Head Arms and Legs

"When baby was two months old a slight touch of eczema broke out on her head, face, arms and legs. It turned to weeping eczema and formed blisters, which broke and the eruptions scaled over. It was very itchy causing loss of sleep and she was very irritable. Her face was disfigured. The trouble lasted eighteen months.

"I tried different remedies but with no results. I began using Cuticura Soap and Ointment and in about six weeks I could see an improvement. I continued the treatment and after using for several months she was healed." (Signed) Mrs. F. Angerman, 9425-122nd Ave., Edmonton, Alberta, Nov. 3, 1925.

These fragrant emollients are all you need for all toilet purposes. Soap to cleanse and purify, Ointment to soothe and heal, Talcum to powder and sweeten.

Sample each free by mail. Address: Canadian Depot, "The Cuticura Co., Montreal." Price, Soap 25c, Ointment 50c and Talcum 25c. Cuticura Shaving Stick 25c.

## Likely to Change Fishing Methods

Work On Mystery Trawler At Hull Nearing Completion

A mystery ship, whose operations when completed are likely to revolutionize fishing methods, is nearing completion at Hull, in Yorkshire.

She is much bigger than the average trawler, her tonnage being between 4,000 and 5,000. Instead of trawling in the ordinary way, this vessel will anchor outside the three-mile limit and send out small boats to fish with lines. Fish of a large size, chiefly halibut, will be sought for.

When these are brought aboard they will be laid in specially constructed "rest bunks," to prevent the crushing and spoiling that occurs when fish are carried in bulk, and also to keep them alive until landed.

### New York Is Busy Port

There are usually about 300 ships in New York ports. They range from huge liners to fishing smacks. In a single month of a busy season some 500 ships leave the port of New York for all corners of the world.

## HEALTHY CHILDREN ALWAYS SLEEP WELL

If Baby Does Not Enjoy Refreshing Sleep He Is Far From Well

The healthy child sleeps well and during its waking hours is never cross, but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again.

Baby's Own Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the newborn babe with perfect safety.

You can obtain Baby's Own Tablets through any medicine dealer at 25 cents a box, or by mail, post paid, from The Dr. Williams Medicine Co., Brockville, Ont.

### Marketing Board Formed

Manitoba's Share of Wheat Board Surplus Will Be Put To Work

An organization to be known as the Co-operating Marketing Board has been formed to administer the income from investment of the \$128,000 which came to Manitoba as its share of the Dominion wheat board surplus. It was officially announced in Winnipeg.

In accordance with legislation passed by the provincial legislature during its last session, the board will assist in the development and encouragement of co-operation among agricultural producers in Manitoba in the marketing of their produce and to investigate other systems of co-operative marketing throughout the world. About \$6,000 will be available annually for the work of the board.

### Demand For Farm Machinery

Farm implement companies in Saskatchewan report current sales in Central Saskatchewan, breaking all records for a period of years and greater by 100 per cent. to 200 per cent. than sales in 1925. This indicates that farmers in this, as well as other sections of the west, have a surplus of cash to invest in improvements.

Minard's Liniment King of Pain

W. N. U. 1631

## Number Of Motor Cars

Eight Canadians In Every Hundred New Own Motor Vehicles

Nearly eight Canadians in every one hundred owned motor vehicles last year. Figures compiled by the bureau of statistics show that in 1925 the total number of motor vehicles registered in Canada was 728,005, or 7.8 per hundred of population, of which 639,695, or 6.8 per hundred of population were passenger autos. Registration by provinces was as follows: Ontario, 344,112; Quebec, 97,657; Saskatchewan, 79,078; British Columbia, 56,618; Manitoba, 51,241; Alberta, 54,357; New Brunswick, 17,420; Nova Scotia, 20,012; Prince Edward Island, 2,824; and the Yukon the balance.

## Preparing For Poultry Congress

World Poultry Congress To Be Held In Ottawa Next Year

A tribute to Canada's progress was paid when it was decided to hold the 1927 world's poultry congress in Ottawa, according to Edward Brown, of London, England, president of the congress and president of the International Association of Poultry Instructors and Investigators, who has been a guest recently at the Fort Garry Hotel. Mr. Brown was in Winnipeg to meet agricultural officials in connection with arrangements for the congress and incidentally he inspected the Manitoba Agriculture College buildings during his visit.

Cuts and Bruises Disappear.—When suffering from cuts, scratches, bruises, sprains, sore throat or chest and any similar ailment, use Dr. Thomas' Electric Oil. Its healing power is well known in every section of the community. A bottle of Dr. Thomas' Electric Oil should be in every medicine chest ready for the emergencies that may always be anticipated.

### Red Lake Bulletin

Many Prospectors Outfitting For Trip Into Mining Areas

Information regarding the district of Patricia, Red Lake, and adjacent areas has been compiled in handy bulletin form by the Ontario department of mines, together with information as to staking and recording mining claims and suggestions as to supplies and equipment for inexperienced prospectors. A good map of the Red Lake district is included. Hudson is now a busy spot, many prospectors outfitting there for the trip into the mining areas. Gold seekers numbering about 30 are arriving every day, leaving by the first steamer after they get their equipment together.

### British Columbia Sea Fisheries

Demonstration of British Columbia's outstanding lead in the deep-sea fishing industry of the Dominion is given in the summary of last season's catch issued by the bureau of statistics. The catch was valued at \$24,298,926, a gain of over \$2,000,000 over that of the previous season. Of this amount British Columbia contributed nearly fifty per cent., with an output valued at \$11,607,937.

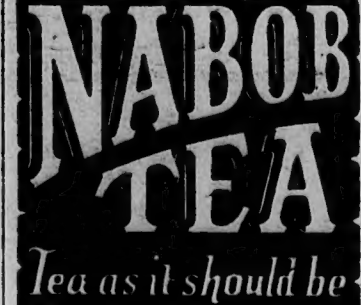

Peevish, pale, restless and sickly children owe their condition to worms. Mother Graves' Worm Exterminator will relieve them and restore health.

Contentment has one advantage over wealth; people don't try to borrow it from you.

FIRE PROOF TURNED EDGE

PLASTER CAST IN SHEETS

High in Food Value; Low in Cost

Ask Your Grocer for our Famous Sardine Cook Book. It is FREE.

BAKERS' OVENS—Write for catalogue and list of used ovens. Hubbard Oven Company, 1100 Queen West, Toronto.

### Oil Leases At Lesser Slave Lake

It is understood that a definite attempt will be made this season to develop a new oil field in the Athabasca-Lesser Slave Lake district of Northern Alberta, an area long favored by geologists. Drilling will be commenced shortly on well number one of the International Oils, Limited, of New York, which controls the rights on a solid tract of 33,000 acres of oil leases in the eastern border of Lesser Slave Lake.

## They Bring Almost Instant Relief

That is What Mrs. A. Mills Says of Dodd's Kidney Pills

Ontario lady took Dodd's Kidney Pills for a weak back with very beneficial results.

Belleville, Ont. — (Special).—Short, but to the point, is the statement made by Mrs. A. Mills, who resides at 14 Green Street, Belleville. She writes:—

"I have always been troubled with a weak back; especially after any extra work. I find, if I take Dodd's Kidney Pills, they bring almost instant relief."

The relief that Mrs. Mills found has come to thousands of other Canadian women through the use of Dodd's Kidney Pills. That shows that the ache is caused by the kidneys, for Dodd's Kidney Pills are purely and simply a kidney remedy. For more than a quarter of a century Dodd's Kidney Pills have been a household remedy in thousands of Canadian homes.

### New Source of Sulphur

White Island, off the coast of New Zealand, boasts a volcano that is still quite lively. Being off the main routes of travel, this island is not often visited by tourists. But industry is beginning to discern there a profitable field, owing to the rich sulphur deposits, some of which are said to be 95 per cent. pure.

## CHILDREN CRY FOR

MOTHER:—Fletcher's Castoria is especially prepared to relieve infants in arms and children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of *Dr. H. Fletcher*. Absolutely Harmless—No Opiates. Physicians everywhere recommend it.

Proved safe by millions and prescribed by physicians for

Colds Headache Neuritis Lumbago  
Pain Neuralgia Toothache Rheumatism

DOES NOT AFFECT THE HEART

Safe Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbolic Acid of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## TARIFF BOARD WILL DEAL WITH STEEL INDUSTRY

Ottawa.—The tariff advisory board commenced its work by hearing the applications of two Canadian steel companies which asked for more tariff protection, as well as an argument in reply made by R. J. Deachman, who announced that he represented George Spence, a farmer of Maple Creek, Sask., and a consumer of steel products. Mr. Spence is the Liberal member of parliament from the constituency of Maple Creek.

The session was in the nature of a preliminary hearing which is to be followed by an inquiry into the steel industry in Canada which will continue over a period of several months. The tariff board will have the assistance of the technical staffs of several government departments. Shortly a questionnaire will be issued to the various companies which will be a basis of the investigation. Right Hon. Geo. P. Graham made it clear that the board was to be an open forum before which anyone could be heard on the subjects of tariffs.

Outstanding in the hearing was the argument of the Algoma Steel Company that the Canadian automobile industry was already adequately protected under the existing tariff, by which was meant the tariff as amended this session of parliament. The Algoma Steel argued consequently that the "draw-back" of 99 per cent. enjoyed by automobile manufacturers on several articles of steel was unjustified. The case was presented by Norman Guthrie.

## Morocco Chief Surrenders

Abd-el-Krim, Rifian Warlord, Has Finally Capitulated

Madrid.—Abd-el-Krim, the Rifian warlord, has surrendered. Official announcement to this effect has been made here.

Krim entered the French zone in Morocco in flight from the Boukoya tribesmen. Details of the surrender are not yet available.

Rather than fall into the hands of the Sultan and having to face native justice, Krim is declared to have preferred to put himself at the mercy of the French.

The submission of the chieftain had been expected in official circles, and there was much rejoicing throughout Spain when the foreign office made the announcement of his surrender.

**Says Arctic Eskimaux Are Doomed**  
Montreal.—The Eskimaux of the Canadian Arctic are doomed to early extermination unless prompt methods are adopted by the government for their protection, in the opinion of Captain Henry Toke Munn, retired Arctic trader, with ten years' experience of the north, as given in an interview here.

**U.S. To Participate**  
Toronto.—United States Government has officially accepted Canada's invitation to participate in the World Poultry Congress to be held at Ottawa in 1927, and has made an appropriation of \$20,000 for preliminary expenses of its participation. F. C. Ford, director of the congress, told an organization meeting here.

**Employment Shows Increase**  
Ottawa.—Although activity in some lines was retarded by the unseasonable weather prevailing generally at the beginning of May, says the bureau of statistics, employment on the whole showed a considerable increase, 23,148 persons being added to the staffs of 5,866 firms reporting, who employ 773,417 workers.

**No New Legislation**  
Ottawa.—Except for some amendments to the criminal code, "and possibly some minor legislation," the government has no new legislation to present to parliament this session. Premier King so informed the Right Hon. Arthur Meighen in the House of Commons.

**Succeeds de Valera**  
Dublin.—Mary MacSwiney has been elected president of the Sinn Féin executive council in succession to Eamon de Valera.

W. N. U. 1631

## Finds Canada Ideal

Conditions Superior to U. S. Says Swedish Government Lecturer

Regina.—Canada as a future home for many Swedish citizens was described as ideal by Gunner Brunius, official lecturer of the Swedish Government, who arrived in the city accompanied by H. Hermanson, Winnipeg, former member of the Saskatchewan legislature.

Mr. Brunius is making a trip through Canada from coast to coast in the interests of immigration. Much of his time will be spent in British Columbia, where he will make extensive studies of the fishing and lumbering industries. He expects to return to Stockholm in January and commence a series of lectures describing Canada. He is taking pictures enroute which will be transferred to slides to illustrate the lectures.

Preference to Canada over the United States as a field for immigration by Scandinavians was expressed by Mr. Brunius. He declared that Canada did not receive enough publicity in Sweden, and deplored the fact that emigration to Canada had not assumed larger proportions.

## Budget Resolutions

Minister of Finance Had Two Amendments Which Were Adopted

Ottawa.—Budget resolutions for the return of penny postage, abolition of the receipt tax, reducing the tax on playing cards, extending the list both of articles exempt from sales tax and of articles liable to only 50 per cent. sales tax passed the house.

Hon. J. A. Robb, minister of finance, had two amendments, both of which were adopted. One added steel tubing for oil wells and machinery for pumping crude oil to the list of articles exempt from sales tax. The other added dried or evaporated apples to the list of articles liable to only 50 per cent. of the sales tax.

A bill based on the resolutions was given first reading.

## Completing Giant Motor Car

Noted Driver Will Attempt to Lower World's Speed Record

London.—A giant motor car now being completed at Wolverhampton to attempt to lower the world's speed record will be officially rated at 1,000 horsepower, have two engines and 12 cylinders, will consume a gallon of gas a mile and is expected to attain a speed of 200 or 230 miles an hour. Major Segrave, noted driver, will attempt to lower the record in September.

**B.C. Fruit Crop Promising**  
Vancouver.—Prospects for a good fruit crop throughout British Columbia during the coming season are extremely promising, according to present indications, say officials of the Dominion and provincial fruit departments. "I would not be a bit surprised to see the fruit crop as heavy as it was in 1923, which was the largest crop we ever had," declared R. G. L. Clarke, of the Dominion department.

**Cyclone Hits Burmah**  
Rangoon, Burmah.—Reports reaching here from Akyab say that a severe cyclone has caused considerable loss of life and considerable damage to property. The law courts and most government buildings were destroyed. Telegraphic communication has been interrupted.

## FOR MARKETING OF LIVESTOCK ON A POOL BASIS

Regina.—To co-ordinate the efforts of the livestock co-operative marketing organizations in Alberta, Saskatchewan and Manitoba the international inter-provincial livestock conference recommended the appointment of a committee of three—one representative from each province.

C. Rice-Jones, president and manager of the United Livestock Growers, told the conference that the shareholders of the United Grain Growers who are owners of the U.L.G. would be prepared to turn their organization over to the provincial livestock pools and give the producers their own central selling agency when the pools were on a strong basis as going concerns.

The conference passed a resolution calling upon the federal minister of agriculture to take steps to remove any disabilities that co-operative marketing organizations suffer from under the existing Livestock Products Act and to make provision to give co-operative livestock marketing organizations definite recognition under the act and to provide for special licenses being granted to co-operative marketing organizations to operate under rules prescribed by the department of agriculture.

G. F. Edwards president of the Saskatchewan Grain Growers' Association, presided at the conference.

## Alberta Natural Resources

Bill Not Likely To Be Proceeded With This Year

Winnipeg.—The Ottawa correspondent of the Tribune says: A Liberal caucus had the plain intimation from the government that the Alberta Natural Resources Bill is unlikely to be proceeded with this year.

It was plainly indicated the government does not intend to vary the agreement in accordance with the Alberta Legislature's amendment regarding schools, but at the same time, the bill now before the house will not be proceeded with unless there is some unforeseen development. In the recess further negotiations are hoped to bring about a settlement.

## Franco-German Air Service Is Started

First Aeroplanes Left Capital Cities On May 26

Lebourget, France.—Aeroplane communication between Paris and Berlin became a reality May 26 for the first time since the war, when two French commercial planes left the air port here for the German capital, and a German plane left Berlin for Paris.

These are the first aeroplanes to pass over the once hostile countryside from capital to capital since the recent Franco-German agreement was signed.

**Crime Decreasing in England**  
Montreal.—Crime is steadily decreasing in England and today there are only 33 prisons and only 10,000 inmates, according to Capt. Casey, head of the Anglican Church Army Mission, now visiting here.

## Lloyd George Sticks To Former Opinion

Blames Government For Breaking Off Negotiations Before General Strike

Llandudno, Wales.—Mr. Lloyd George, chairman of the Liberal parliamentary party in the House of Commons, defended his attitude toward the general strike, which has been strongly censured by the Earl of Oxford and Asquith, leader of the Liberal party.

Mr. Lloyd George charged that the negotiations between the government and the union leaders had been broken off because of the strike in the office of the Daily Mail. He said that the trades union leaders had repudiated this strike, but that the government refused to negotiate further, although there was still twenty-four hours before the general strike was timed to commence.

"All this doesn't justify the general strike," Mr. Lloyd George said, "but while we are blaming the trades union leaders for their blunders, let us be impartial in our judgment and mete out condemnation of the incredible blunders committed by the government."

"However much I disapprove of this weapon, I could not work myself up to a pitch of righteous anger against men who, however mistakenly, however unwisely, however wrongly, were acting from no selfish or destructive impulse, but were risking their own livelihood to help their comrades in a desperate plight."

## Japanese City In Ruins

Huge Irrigation Reservoir Bursts Banks and Floods Kitsura

Tokio.—The Mayama Irrigation reservoir in the Akita prefecture of Northern Japan has burst its banks and has swept away half of the town of Kitsura, according to reports received here. The town has a population of 7,000 and it is feared that the casualty list may be heavy.

The reports say that the post office, a bank and a theatre in Kitsura have been carried away by the water. Details of the flood situation are lacking. A large number of injured have been taken from the ruins of eighty buildings, including the town hall, which were washed away when the dam broke.

Roads, telegraph and telephone poles were carried away in the flood, interrupting communication and making accurate details of the catastrophe unobtainable.

## Assassinates Former President Of Ukraine

Jew's Bullet Ended Career of General Simon Petlura

Paris.—The spectacular career of General Simon Petlura, former president of the Ukrainian Republic, recognized as such by the allies in March, 1919, and later beaten by the Bolsheviks, has come to an end.

He died in the Charity Hospital here a few hours after he was shot down by a Ukrainian Jew, Samuel Schwartzbar, in the student quarter of Paris. The assassin did not resist arrest.

Schwartzbar exulted over his deed, saying it was in revenge for the way Petlura had mistreated Russian Jews in the Ukraine when he held power.

## PROTEST FROM HUNGARY HEARD AT GENEVA MEET

Geneva.—Feverish reinforcing of armaments by most of the European countries which contain the germs of new war was alleged by Hungary in a memorandum presented to the preparatory disarmament commission.

Hungary also complained with bitterness that, practically disarmed herself, she is surrounded by a group of allied countries possessing vastly superior military forces.

By this memorandum, Hungary has placed herself at the side of Germany, which country, through Count Von Bernstorff, already has protested that the Germans have been disarmed, while their neighbors are permitted powerful military forces.

The Hungarian memorandum caused a sensation, chiefly because of its strictures against the Little Entente.

The memorandum demanded the abrogation of treaty regulations whereby Hungary's army was restricted to 35,000 men, a force that the Hungarians consider insufficient to protect them. Hungary insisted armament reduction must be general to be effective, and issued a warning that if some reduction failed to materialize, Europe and the League of Nations would be gravely endangered.

## Would Include Union Jack

General Smuts' Suggestion For New South African Flag Is Opposed

Captown.—During the debate in the legislative assembly on the government's bill providing for a new flag for the Union of South Africa without embodying the Union Jack in its design, Premier J. B. Hertzog declared he had no rancor towards the Union Jack, but he thought the unity spirit never could be brought about by putting it on the national flag.

General Jan Christian Smuts, leader of the South African party, pointed out that the government's provision for flying the Union Jack would only apply on Empire Day.

The opposition had supported a combination of the old Republican colors and the Union Jack for the proposed flag and they could see no reason to depart from this stand, he declared. General Smuts vehemently denied the assertion that the old Republican flag was dead. The proper method of approach, he declared, should be not the exclusion of the old flags, but their inclusion, as Great Britain had done in the case of the crosses embodied in the Union Jack.

## Queen Celebrates Birthday

Her Majesty Was Fifty-nine Years Old On May 26

London.—Her Majesty Queen Mary was 59 years of age May 26.

Flags were flying from all the government buildings in observance of her birthday. She is in excellent health, but the recent strenuous years have caused her hair to be noticeably whitened.

The Queen, who was born in Kensington Palace, May 26, 1867, was the only daughter of the Duke of Teck and H.R.H. Princess Mary Adelaide Wilhelmina Elizabeth, younger daughter of H.R.H. Adolphus Frederick, first Duke of Cambridge, son of George III. She was married to her cousin, King George V., then Duke of York, at the Chapel Royal, St. James Palace, July 6, 1893. King George and Queen Mary were crowned in Westminster Abbey, June 22, 1911.

## Level Crossing Costs

Ottawa.—Hon. C. A. Dunning, minister of railways, has a bill to amend the Railway Act in regard to level crossings. The bill will provide that the total amount of money to be apportioned and payable from any annual appropriation shall not, in the case of any one rail level crossing, exceed forty per cent. of the cost of actual construction work and shall not, in any case, exceed the sum of \$25,000.

## Income Taxes in 1924

Ottawa.—Answering a question in the House of Commons, the minister of customs stated that 225,514 individuals paid personal income tax in the fiscal year of 1924. Of these 218,476 had incomes below \$10,000.

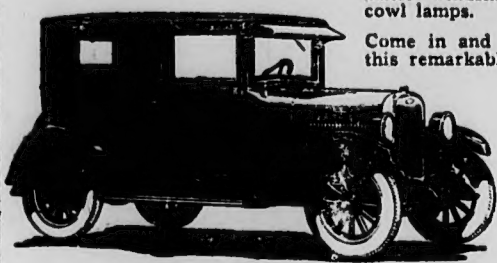

Lucky Canadian Bachelors

This party of pretty girls came over on the Anchor Donaldson liner Letitia, one of the first liners to dock at Quebec this season. The girls are travelling under the auspices of the Salvation Army, and are recruited from all parts of Scotland, and are now on their way to various destinations in Canada.

## OPERA HOUSE

SATURDAY, JUNE 12th

LEATRICE JOY in

**Hell's High-Road.**

TWO SHOWS starting at 8 p.m.

WEDNESDAY, JUNE 16th

HERE HE IS...

**Jackie Coogan**

IN HIS GREATEST LAUGH RIOT

**OLD CLOTHES.**

FROM RICHES TO RAGS.

Mr. and Mrs. Geo. Metzgar of Harrison, Idaho, are visiting their parents here.

Divine service with Holy Communion will be celebrated at St. Cyprian's next Sunday morning at 11:30 a.m.

Mrs. J. E. Liesemer left last Friday to pay a visit to her daughter, Mrs. H. Wilton-Clark, at Coleman.

Mr. and Mrs. J. Reed, with a couple of friends, and Mr. and Mrs. W. Durrer were visitors to Banff over the week-end.

Among those who attended the Grand Chapter of the Eastern Star at Calgary last week were Mrs. (Dr.) Evans, Mrs. Pearson and Mrs. Alden.

Aylmer Liesemer left last week to visit friends in the east, but on this way down altered his arrangements and wired his parents that he would proceed to the old country instead.

At the Opera House on Saturday night there will be two shows as formerly, and Mr. Sharp is showing "Hell's High-Road." On Wednesday, June 16th, Jackie Coogan in "Old Clothes" will be produced.

John F. Miller, eye sight specialist of 404 Underwood Block, Calgary, will be at the Rosebud Hotel in Didsbury on Saturday, June 19th. Tell your neighbors he is better equipped than ever.

The new course of the Didsbury Golf Club is being used this week. There is, however, still a certain amount of work to be done, and this will be attended to as soon as possible.

## Capt. J. T. Shaw's MANIFESTO.

1. Immediate examination of our provincial taxation system and adjustment on sound principles of taxing powers between the province and the municipalities.
2. Decentralization as far as practicable in the services of government, so as to secure more efficient service at less cost.
3. An immediate and long overdue reduction in taxation with special tax adjustments for sub-humid areas not suitable to intensive production.
4. A serious and determined effort to make expenditure balance income every year, not every pre-election year only, as at present.
5. The budgeting of an adequate sum every year, on the sinking fund principle to effect the retirement of our public debt within a reasonable time.
6. Realizing the primary importance of the agricultural industry, the Liberal party pledges itself to assist that industry, in every reasonable way, by ensuring that co-operative marketing enterprises get a square deal, secure from unfair competition and from all partisan influence and all discrimination; by the provision of adequate facilities for marketing the farmer's produce, by establishing, in close co-operation with the Dominion government, a system of rural credits based on sound principles by vigorous demand before the Railway Commission for needed reductions in railway and express rates and for the elimination of discriminatory freight rates, and by jealously guarding the farmers' interests in the western route, not only by zealous watching but also by proper representation.
7. The Liberal party undertakes to inspire a real leadership in educational affairs and will be prepared to make more liberal financial provision for that essential service. Also will use every endeavor to have the federal government not only continue but increase its grants for technical education. In addition there must be a closer co-ordination of the agricultural work undertaken by the university and agricultural and other schools in the province.
8. The Liberal party pledges itself to encourage an expansion in the hospital and nursing service of the province in order to promote the highest standard of public health.
9. The Liberal party has assisted in every possible way to secure the return to the province of its natural resources. This should soon be realized. If honored with public confidence the Liberal party proposes to undertake the prompt and efficient development of these resources in the public interest along sound business lines.
10. When entrusted with office the Liberal party will engage a small body of experts to examine the sources of power in the province for the purpose of evolving if possible a practical power scheme to supply cheap power to our communities for industrial and agricultural purposes.
11. The Liberal party offers a redistribution according to a definite plan on the principle of representation by population, paying however, due regard to the more sparsely settled portions, geographical area and community of interest; it being understood that such redistribution will substantially reduce the number of provincial ridings.
12. The Liberal party proposes to encourage a policy of co-operative effort of all classes and their representatives in the interests of democratic legislation.
13. The Liberal party strongly favors and approves of a co-operative effort between the Dominion and Provincial governments for the purpose of securing old age pensions. The plan which has received second reading in the House of Commons is approved.
14. The Liberal party is responsible for every advance made in securing to women a larger measure of equality in political and economic matters. That policy must be continued until in every practicable way, women enjoy the fullest equality with men.
15. The Liberal party offers to the electors a policy of constructive effort and of action, and a government "of all the people, by all the people and for all the people."

Dog Pound Local U.F.A. No. 286 has been incorporated under the Societies Act, with the object of constructing a public hall and promoting social intercourse among its members.

The annual communication of the Grand Lodge of Alberta, A. F. & A.M., was held in Banff on Wednesday and Tuesday of this week. Those attending from Didsbury include S. G. Watt, A. V. Buckler and James McDougall.

Speaking from experience, Bill advises that if you can't catch a trout by the nose hook it in the tail and pull it out backwards. This feat he actually accomplished and found it quite easy.

Mr. and Mrs. M. Weber left on Wednesday for the east, where they will spend about three weeks visiting friends. Since her auto accident about a year ago, Mrs. Weber's health has been far from good and it is hoped the trip she is now taking will enable her to recover more rapidly.

Forestry officials are issuing a warning to picnickers and campers to be especially careful this season of fire. The dry weather is making the fire hazard very great and consequently extra precautions should be taken. This week there has been a fire raging south of the Red Deer river, on Fallen Timber Creek.

Considerable excitement was caused last Thursday afternoon, when a large barn on the farm of J. C. Stevens, at present rented to as soon as possible.

ed by A. H. Dedels, was found to be on fire. Mrs. Dedels discovered the blaze and telephoned the town for the fire engine. By this time, however, this arrived fire had obtained such a hold that the barn's destruction was evident. Steps were taken by willing helpers to save the house adjoining, and in this they were successful, although only after great exertions. Two horses in the barn at the time were saved, one of them, however, being badly burned.

## BRAZILIAN VETO KEEPS GERMANY OUT OF LEAGUE

Geneva.—The assembly of the League of Nations ended its labors and the principal object for which it had been convened remained unaccomplished. Germany's election to the league has been postponed until the September session, and, necessarily, Germany has been compelled to forego the honor of a permanent seat in the league council. After ten days of negotiations, Brazil maintained her decision, to veto Germany's election unless she herself was accorded a permanent seat in the council.

When the assembly met, Senor Mello Franco announced Brazil's decision and immediately Sir Austen Chamberlain, the British foreign secretary, proposed postponement of Germany's election until the fall.

Italy alone, of all the great powers represented permanently in the council, refrained from joining in the expression of regret that Germany had to content herself outside the league for the time being.

This silence of Mussolini spokesmen was the outstanding subject of comment in Geneva, when all men were plainly worried about the future of the league, because of fears that this setback would be very difficult to overcome.

The council, in secret session, immediately attacked the problem of revision of the statutes of the league. It decided upon the immediate appointment of a special commission to probe the entire problem.

## Japs Demand Apology

Formal Apology From China Is Required But No Force To Be Used

Tokyo.—The cabinet has decided to instruct Kenk-Yoshizawa, Japanese minister at Peking to demand from China a formal apology to the Japanese flag, the punishment of guilty Chinese and the indemnification of the wounded for the action of the Kuomintang (National army) troops in firing upon two Japanese destroyers in the Pei River last week when one Japanese officer was killed and several wounded.

Minister Yoshizawa was instructed to negotiate the details for the carrying out of the demands and to make them as lenient as possible.

It is said that no matter whether China accepts the responsibility or not, Japan does not intend to resort to force, but if no agreement is reached, might take the matter up to the world court. It is pointed out that a friendly and peaceful result is Japan's main idea.

## Financial Standing Is Good

Hall Insurance Board of Alberta Has Successful Year

Calgary.—At an annual meeting of the Hall Insurance Board of Alberta here the directors' report stated that the financial standing of the board was the strongest this year since its formation. Manager A. H. Toovell stated that the liabilities at the bank, which had hung like a millstone on the board for years, entirely disappeared. The reserve fund and surplus was \$700,644.55. The total risk carried last season had been \$10,886,244, which was approximately 20 per cent. greater than the risk of the previous year.

## Want New Railway

Charter Will Be Asked For Line Through Red Lake District

Ottawa.—Parliament will be asked at the present session to grant a charter for a railway from Quibell, Man., through the Red Lake district to a point on the Hudson Bay division of the Canadian National Railways near The Pas, Man.

The bill for incorporation is now being drafted. The name proposed is the Red Lake and Northwestern Railway Company.

## Forming Nobility Colony

Winnipeg.—As a result of the efforts of the Canada Colonisation Association, Manitoba is developing a colony of Hungarian nobility. Four families of the Hungarian nobility have purchased farms adjoining each other.

W. N. U. 1621

## Last Week In The Alberta Legislature

Marked Improvement In School Attendance Is Indicated By Report

Edmonton.—The ranks of the Liberal opposition in the provincial house have been thinned by the elevation of their leader, Hon. C. R. Mitchell, to the Supreme Court Bench of the province. As house leader the Liberals selected Mr. J. C. Bowen, an Edmonton member. Mr. Bowen is in the insurance business in Edmonton. There are now nine Liberals in a house of 53 members.

Considerable time was spent in discussion of a resolution put forward by the government asking that the Dominion assign to the province the power rights on the Spray Lakes site, with the option of the province-developing power themselves, or controlling development by a private company. The Spray Lakes site is within the Banff National Park area, and for that reason there has been considerable objection to any development work there, but the government resolution stated that the work would not in any way affect the scenic beauty of the park.

An amendment was brought forward by the opposition, couched in somewhat similar terms to the government resolution, but calling for the ownership of the Spray Lakes site by the province.

The resolution passed by a 35-9 majority, Premier Brownlee denouncing the opposition for wasting the time of the house by an amendment almost the same as the government resolution.

A marked improvement in school attendance throughout the province is indicated by figures submitted by the minister of education, Hon. Perren Baker. The number of children of school age who did not receive one hundred days of schooling in 1925 was 36,145, as compared with 60,641 in 1920.

School grants paid in 1925 totalled \$1,102,342.47 as compared with \$929,932.52 in 1920. For some days past the house had been working on the details of new Insurance and Municipal Districts Act. The Insurance Act is designed to bring the law governing companies into closer conformity with similar laws in other provinces. It contains 497 clauses, but these are principally non-contentious.

The Municipal Districts Act contains over 400 clauses. Most of these are also non-contentious, but discussion has arisen over these clauses which make property qualifications imperative for councillors and voters. Labor members point out that a man could be elected premier without property qualifications, but not to membership of a municipal council.

The other main argument was on the indigents question, some members insisting that the government take over the care of indigents, while the minister of municipalities maintained that indigents could be more sympathetically, efficiently and economically handled by local organizations.

## Indians Dream Of Wealth

Excited Over Coal Find On Simpson Reserve In B.C.

Vancouver.—A special dispatch to the Province from Prince Rupert, B.C., says:

"There is intense excitement at Port Simpson, where the Indians have discovered an outcropping of coal on the reserve. The whole property has been staked and steps taken to record it. No work on it has yet been done, but the Indians are very hopeful. The whole of the United Church Mission property is included in the blocked out area."

Port Simpson is on the British Columbia coast at the mouth of the Skeena River, south of Prince Rupert.

## World's Press Conference

Geneva.—At its public session here the league council adopted a report by Foreign Minister Vandervelde, of Belgium, favoring the convocation of a meeting of press experts to prepare for a world's press congress, looking to better communication facilities between the various continents.

## Will Consider Minimum Wage Law

Ottawa.—The proposal for a federal law on the minimum wage, introduced in the House of Commons by J. S. Woodsworth, Labor, Winnipeg North Centre, will be considered by the committee on international and industrial relations. Premier King made a motion to this effect in the House.

## BANK DEPOSITS OF MR. BISAILLON RATHER HEAVY

Ottawa.—Questions put to J. E. A. Bisailon, former chief preventive officer in Montreal, by Hon. H. H. Stevens, during the progress of the customs investigation drew protest from Oscar Gagnon, counsel for the witness.

Mr. Bisailon had testified that he had abandoned the liquor business on the thirteenth of April, 1921. As an official of the customs department, his salary had been not higher than \$2,500 a year in any of the years following that date up to the time of his dismissal.

Mr. Stevens produced a record of deposits made by Mr. Bisailon in the four years, 1921 to 1924, inclusive. He asked the witness to explain how it was that, while earning this moderate salary, he had been able to deposit \$4,951 in 1921, \$4,099 in 1922, \$7,389 in 1923 and \$14,812 in 1924.

It was at this point that Mr. Gagnon intervened. He claimed that the witness should not be required to answer such a question unless he was given access to his own books and records. Mr. Bisailon said that the deposits referred to could be explained quite easily, but he must have time to examine his books.

"I object to this question," Mr. Gagnon said when Mr. Stevens asked for an explanation of the deposits. "You are examining my client on a document which he has not seen and without giving him an opportunity to examine it."

"You are treating him as an accused person when he is here as a witness," Mr. Gagnon claimed that the question was illegal and did not come within the law of evidence.

## Fewer Veterans Are Settling On Land

Soldier Settlement Board Reports Big Decrease Last Year

Ottawa.—The number of soldier settlers established on land in Canada with loans advanced by the Federal Government is decreasing rapidly. The report of the soldier settlement board of 1925 shows that 237 veterans were settled in this way, compared with 720 in 1924, and 1,153 in 1923. Regulations adopted in the 1924 session of parliament limits the benefits of the Soldier Settlement Act to those who made application prior to March 31, 1924.

To date a total of \$105,750,831 has been advanced to soldier settlers, plus interest paid charges of \$6,312,163. Of this amount \$408,803 was advanced for Indian soldier settlement.

## Bay Line Motions Dropped

Ottawa.—Two proposed resolutions supporting the immediate construction of the Hudson's Bay Railway, and placed on the order paper by Progressive members, were dropped in the house at the request of their sponsors, when orders of the day were read.

The resolutions had been proposed by John Millar (Progressive, Qu'Appelle), and John Evans (Progressive, Rosetown).

## Would Change System

Motion to Do Away With Cabinet Ministers Having to Seek Re-election

Ottawa.—Cabinet ministers will not be required to seek re-election when accepting cabinet position, if a motion placed on the order paper by A. E. MacLean, Liberal, Prince, is given effect.

Mr. MacLean's proposal, for which he will ask the approval of the house, will undoubtedly cause considerable debate.

Mr. MacLean, in his motion, points out that "the British Government, the mother of parliaments, has this session introduced a bill making it unnecessary for cabinet ministers to seek re-election when accepting cabinet positions, which has now passed the British House."

The adoption of a similar practice in Canada, he states, "will not in any way endanger the stability of our parliamentary institution, which every true Canadian desires to jealously safeguard."

## Should Use Empire Products

Prince Urges Britain To Purchase Canadian Timber

London.—The Prince of Wales, presiding at the opening of the general meeting of the Empire Forestry Association, said that considering what excellent timber of every kind the empire produced, it seemed rather unfortunate that the United Kingdom should be dependent on foreign supplies.

Out of \$46,000,000 worth of lumber imported last year, His Royal Highness said, only 13 per cent. was of empire production.

The Prince appealed to the large users of timber, such as railway companies and builders, when placing their orders to remember that Canada produced the finest soft wood timber in the world.

## Wanted Conference Next Year

Canadian Government Favored 1927 For Calling Imperial Parley

Ottawa.—The Canadian Government was in favor of calling the Imperial conference in 1927 instead of next October.

This is revealed in the correspondence between the Baldwin Government in London and the Governor-General in Ottawa, tabled in the House of Commons.

Premier Baldwin, however, having intimated that the other dominions preferred to meet next October, and the British Government shared this view, the Canadian Government on February 19 last concurred in the proposal to call the conference for October of this year, and His Excellency cabled this decision to London.

## Will Visit Victoria This Spring

Victoria.—In announcing details of a two weeks' sojourn on Vancouver Island this spring planned by Baron Byng, governor-general of Canada, and Lady Byng, the Times says that their excellencies will arrive in Vancouver on April 26. The viceregal couple will proceed directly to the island, concluding their visit with a two-day stay here on May 16 and 17.

## HINT IS GIVEN OF FORTHCOMING TAX REDUCTION

Ottawa.—Hon. J. A. Robb, minister of finance, gave a hint in the house of lower taxes. He hoped, he said, to work out something that would give a little relief to the people. But in what direction he did not indicate. Mr. Robb cited some comparisons which gave total per capita taxes in Canada at \$66.11; Australia, \$69.68; Great Britain, \$97.12 and United States \$67.39. "In other words," said Mr. Robb, "the per capita tax in the United States, the country where they boast much of reduction in taxation is \$67.39 as compared with \$66.11 in Canada."

Mr. Robb said that he was quite aware that taxes were unpopular things. Everybody wanted them reduced and a lot of people use the most ingenious methods to dodge them. The government of the day issued tax-free bonds during the war, and these bonds had found their way into the strong boxes of the rich who ought to contribute to public revenue, instead of remaining in the hands of the average citizen who purchased them. Whenever the question of taxation was discussed, it was impossible to evade the fact, said Mr. Robb, that Canada had committed herself to certain expenditures and liabilities during the war, that these liabilities were not as yet paid off, and that they would continue to be a charge on the public of Canada for many years to come.

## Seek Platinum In Slave River District

Report of Find Has Not Yet Been Confirmed

Edmonton.—A staff correspondent of the Edmonton Journal who has made a special trip to the scene of the reported gold and platinum find on the Slave River near Fort Smith, says in a wireless dispatch from Fort Smith, N.W.T.:

"Company officials scout the idea of a platinum find, and generally have nothing to add to previous statements that it is only a prospect. The lead, which occurs between a limestone and granite contact, is being strapped crosswise by the company, and is stated to be 300 feet wide."

"While many rumors have risen regarding a platinum find, it appears that the location of this, if true, is known only to Dunn and his associates. The rumor arose through samples of platinum having been exhibited by the latter to various people at Fort Smith. It is rumored also that a third company is arranging to come into the field at the opening of navigation."

## Boom In Agriculture

Big Development Expected In Western Canada In Next Few Years

Seattle.—Prediction that the next five years will witness the greatest agricultural development in the history of Western Canada was made here by R. C. W. Lett, Edmonton, who is returning to Canada from a tour of the Pacific coast states during which he visited all the large cities of California.

"Canada is the greatest market of the United States and the returning prosperity of Western Canada means a greater market."

"The farm problem in Canada has been, and is, much the same as that of the United States. Since 1915 there has been an agricultural depression that is gradually disappearing. Last year farmers of Western Canada got back on their feet and now their outlook is for an era of good times."

## Has 72nd Operation

Baltimore.—Dr. Frederick Henry Baffler, Roentgenologist of Johns Hopkins Hospital and Medical School, and one of the most famous scientists in America, underwent his seventy-second operation as a result of X-ray burns.

## Will Attend Forestry Convention

Victoria.—P. Z. Caverhill, chief forester of the Provincial Government, will leave here for Europe this week to represent British Columbia at the first world congress on forestry in Rome, April 29 to May 5.

C.P.R. Photo

## The "Bull of Bashan" in Canada

Field Marshal Sir Edmund Allenby, the conqueror of Palestine and the deliverer of the Holy Land from the Turk and the modern Crusader who has achieved what had not been done since the Crusades, landed at Victoria recently from the S.S. Aorangi, which has come from Sydney, New South Wales, and touched Honolulu enroute. His Lordship is known because of his thrusting offensive in the war as the "Bull of Bashan" and is now making a trip across the Dominion. Photograph shows Lord Allenby and Lady Allenby.

### 28th INTERNATIONAL EUCCHARISTIC CONGRESS CHICAGO - JUNE, 1926

#### Canadian Pacific to Operate Special Congress Trains.

The 28th International Eucharistic Congress, to be held in Chicago, June 20 to 24, 1926, will be one of the greatest religious demonstrations that the world has ever seen.

With the sanction of the Ecclesiastical Authorities and for the convenience of people of Western Canada, who will attend the Congress, the Canadian Pacific will operate special "Congress Trains," starting from Moose Jaw and Winnipeg. The Moose Jaw Special will leave 5.30 p.m. June 1st; the Winnipeg Special 8.15 a.m. June 19th. These specials will carry equipment of the latest type, and provide a fine, fast through service to Chicago.

Special sleeping cars will start from various points in the west and attached to the "Congress Specials" at Moose Jaw and Winnipeg.

Reduced railway fare tickets from stations in Western Canada will be placed on sale June 16th to 22nd, bearing a final return limit to July 2nd, 1926. These tickets will be honored on regular or Special trains.

The Canadian Pacific are in a position to make hotel reservations in Chicago, whereby passengers may complete every detail of their arrangements prior to departure. As thousands will

attend this event, those who intend making the trip should communicate as early as possible with the Ticket Agent in order that desired accommodation may be secured.

District Passenger Agent

## Reasons Why the U.F.A. Government Should be Returned.

The main concern of the Province is that of administration. Public Health, Maintenance of Law and Order, Transportation, Education, Industrial and Agricultural Welfare, are among the principal functions of the Government of Alberta.

Administration and legislation can be best handled by non-party government.

The U.F.A. system of Government is one of co-operation with other representatives in the interest of the Province. The party system is one of opposition.

The party system is organized from the top down, the U.F.A. system is organized from bottom up. Under the U.F.A. system the power is with the people. It is not contended that the new system is perfect, but it is a big step in advance.

The political parties in Alberta

are subject to dictation from their respective headquarters in Ottawa. The U.F.A. representatives are responsible only to the people of Alberta. Recent events have proved the necessity of having a Government in Alberta not subject to outside dictation.

All over the world the party system is breaking down.

The Alberta Government is not a class Government. It has always been prepared to co-operate with representatives of all interests elected to the Legislature.

Your only choice in this election is between the U.F.A. system of Democratic Government and the party system. There is no alternative.

"In the wake of the party system had followed corruption."  
—J. T. Shaw, Nov. 1921.

## Work and Vote for U.F.A. Candidates - - JOIN THE U.F.A.

This space is paid for by the membership of the U.F.A., for the information of the electors. Issued by the U.F.A. Publicity Committee, Calgary.

## Consider Your Ballot Carefully.

A new democratic feature in the Provincial election this year is the transferable vote. Formerly, in case of three or more candidates running for the one seat, each elector had only one vote: he marked X on his ballot for the candidate of his choice. The candidate having the highest number of votes was declared elected, even although the other two or more candidates together had more votes than the successful candidate: the successful candidate, in such case, held his seat when he only represented a minority of voters, when he had more of his voters against him than he had for him.

With the single transferable vote system the X mark has been

abolished.

Voters marking X on their ballots on Monday, June 28, destroy their ballot.

Take your time in marking your ballot.

In the ballot of Monday, June 28, voters must mark the figure 1 for their first choice when two candidates are running.

In the ballot of Monday June 28, when three candidates are running for the same seat, the voters mark 1 for their first choice, and they may mark 2 for their second choice if they wish; if four candidates are running for the same seat, the voter marks 1 for first choice, 2 for second choice, and three for third choice. Thus if neither of the three or more candidates has a clear majority of first choices over all the others together, the second choices, or votes with the 2 mark, are counted and the second choice obtained by each candidate over all the ballots are added to his first choices—the third choices, if necessary, similarly—until one candidate obtains a clear majority over all the rest.

The candidate thus elected may

fairly claim to represent the bulk of his electorate, which at times he could not do with the one choice ballot.

### Coming to Didsbury.

(contributed)  
JUNE 20th.

Evangelistic party, Bishop Fred C. Holm and workers, will hold meetings in large tent on the grounds.

Full Gospel addresses will be delivered in all these services. We are entirely independent as to religious society, and all ministers and Christian workers are welcome on our platform. We are undenominational in motive and are pleased to co-operate with all.

Services will be held in the big tent daily, at 2.30 and 7.30. Come and enjoy the blessings that comes through serving and loving the Lord.

The praying people of Didsbury and surrounding country are invited to share a part in these meetings by your prayers and co-operation.

Bishop Holm.

### NOTICE.

Municipal District of Westerdale No. 311

Notice is hereby given that if all arrears of taxes imposed in 1925 in respect of a parcel of land situated within this municipality are not paid on or before the first day of July next, such land will be dealt with under the provisions of the Tax Recovery Act, 1922, with a view to obtaining certificate of title in the name of the municipality in respect of such parcel.

A. McNAUGHTON,  
Secretary-Treasurer Municipal District of Westerdale No. 311

#### WESTERDALE.

Miss Kershaw was the guest of Mr. Parkes on Sunday.

#### CARD OF THANKS

We desire to express our sincere thanks, to the many friends in Didsbury, Westcott, and Elkton, for the kind interest, help and sympathy, shown during the illness, and death of our dear little son, Stanley.

Mr. and Mrs. H. Barnard and family.

Mr. Harry Jackson and lady friends spent Sunday at Pine Lake.

Mr. George Jackson and Mr. Willie Collinge and their lady friends spent Sunday at Red Lodge. A very enjoyable time was spent by all.

It was noticed that a number of cars was parked at Ben Parke's home on Sunday afternoon. On investigation it was found that a number of visitors were present. It was quite a change from the Sunday before when it looked like a wedding procession leaving Ben Kershaw's.

Bob Kershaw was seen going south when naturally his car turned to White's where all the young men of the district spend their Sunday afternoons and evenings. He was quite cunning not to go till after milking was done.

Mrs. W. White and daughters entertained a number of boy friends home from church on Sunday. This is an ideal way of having the milking made easy. Albert Cunningham was seen riding around alone the other day. We can't understand the circumstances.

#### TOWN OF DIDSBURY.

Notice is hereby given that if all arrears of taxes imposed in 1925 in respect of any parcel of land situated within this municipality are not paid on or before the first day of July next, such land shall be dealt with under the provisions of The Tax Recovery Act, 1922, with a view to obtaining certificate of title in the name of the Town in respect of such parcel.

W. A. AUSTIN,  
Secretary-Treasurer Town of Didsbury.

#### NOTICE OF SALE.

Notice is hereby given under Section 48 of The Domestic Animals Act (Municipalities) that the following animals have been impounded and sold, and may be redeemed by the owners or on their behalf within a period of thirty days from the publication of this notice in the Alberta Gazette, upon payment of all fees and costs due to the municipalities and purchasers of said animals: one roan yearling heifer; two red and white yearling heifers; one red and white yearling steer, no visible brand, were impounded in the pound kept by Henry Farrant on S.E. 1-4 of 4-33-3-5, on May 15th, 1926 and sold on May 27th, 1926 to Arthur Jackson of Westerdale.

For information apply to the Secretary-Treasurer of the Municipal District of Westerdale No. 311, Didsbury, Alta.

A. McNaughton,  
Sec.-Treas., M.D. No. 311

#### THANKS

Mr. and Mrs. J. C. Stevens wish to thank the citizens of Didsbury who so nobly assisted in the work of saving their home from the fire which occurred during their absence. Such friends are worth keeping, and we intend to return and stay with them. Thanks to friends and neighbors we still have a home.

Mr. and Mrs. J. C. Stevens.

#### U.F.A. MEETINGS.

Those present at the U.F.A. convention held at Acme on June 2nd, report a most successful meeting. The delegates and visitors from Didsbury included Mr. and Mrs. N. S. Clark, Mr. and Mrs. W. McCoy, Mr. and Mrs. W. Scheidt, and Messrs. Dave Irwin, W. Rupp, C. W. Gibbs and Bruce Parker. Altogether there were over 150 present. A. B. Claypool secured the only nomination submitted, as the candidate for the ensuing provincial election. The ladies of Acme with their customary hospitality provided a bountiful repast at both lunch and dinner. In the evening a meeting, at which there were about 450 present, was addressed by Hon. Mr. Brownlee.

#### CLAYPOOL'S MEETINGS

Mr. Claypool and others will hold meetings as follows:-- Bergen, afternoon of 14th; Zella, evening of 14th; Elkton, afternoon of 15th; Mountain View Community Hall, evening of 15th; Lone Pine Community Hall, afternoon of 22nd; Rugby, afternoon of 23rd; Didsbury, evening of 23rd. Please keep these dates in mind.

#### PASTURE TO RENT

Have pasture sufficient for twenty tested cattle, plenty of feed, water and shelter. T. A. Murphy, phone 1208.

#### STOMACH SO BAD CAN'T EAT EVEN FRUIT

"For years was badly constipated and troubled with gas after eating. Could not eat fruit and many other things. Adlerika has done me good--can now eat anything." (signed) W. H. Fletcher. Adlerika removes GAS and often brings astonishing relief to the stomach. Brings out a surprising amount of old waste matter you never thought was in the system. Stops that full bloated feeling and makes you enjoy eating. Excellent for chronic constipation.

## WORLD HAPPENINGS BRIEFLY TOLD

The City of New York generates and uses about 10 per cent. of all electric energy generated in U. S.

Cowcatchers like those used on American railroad engines are being introduced on automobiles in London as a safety device.

After being published continuously for just over 21 years, the Red Deer News has ceased publication. It was sold to the Red Deer Advocate.

Out of a population of over 30,000, only 1,500 residents of Saskatoon will be liable to pay city taxes this year.

A liberty bell made of 20,000 electric lamps, and as tall as a six-storey building, is to be a feature of Philadelphia Sesquicentennial.

Had a secret ballot been taken among the miners' wives, says Emmeline Pankhurst, writing in The London Sunday Express, the miners' strike would never have been called.

The Canadian Club of New York has a total membership of 1,300 and has increased at the rate of one member per day during the last three months.

Women and girls in the West Ham Guardians' Central Home, London, Eng., detained under the provisions of the Lunacy Act, are to be allowed to visit the local cinema once a week, at the expense of the guardians.

One hundred dead and more than 200 injured have been removed from the mass of mud, lava and rocks precipitated by the eruption of a volcano in Tokachi province, Hokkaido Island, Japan.

John H. Fox, deputy receiver of taxes at Long Island City, has installed four tear-gas guns and a big gong for an alarm. Cashiers can release the tear gas by stepping on knobs on the floor. Receipts of taxes at the office at times amount to \$500,000 in a day.

Mexican bandits have captured two Americans and are holding them in Mexico for a ransom of 6,000 pesos, according to advices received from the American consul at Torreón. C. C. Braden, a mining engineer, and a man named Gallagher are the men held.

### Walnut Is King Of Woods

Walnut appears to be the king in commercial hardwood lumber, measured in cost standards. This aristocrat is the only species of wood used generally for lumber that costs more than at any other time in its history.—Lumber Trade Journal.

### Her Nerves Were "All Broken Up" She Could Not Sleep

Mrs. David Gallagher, 37 Lyndhurst Ave., Hamilton, Ont., writes: "My nerves were all broken up and I could not sleep at night, and I would have to get up out of bed and walk the floor for hours at a time."

### Device Makes "Dry Ice"

Is Perfectly Dry, Cannot Melt; and Is Intensely Cold

A device that makes what is called "dry ice," will keep ice cream frozen in its original state for hours at a time without the use of ice. It is now possible to send a pint of ice cream from New York to Chicago by aeroplane and when the package is opened the ice cream will be found frozen hard, just as it came from the freezer many hours before!

"Dry ice" cannot melt and is perfectly dry to the touch, and is so cold that it will make a thermometer drop to 110 degrees below zero.

You have noticed the small bubbles that form and rise to the surface in a soda pop bottle when you pry off the cap. This new ice, Popular Science Monthly explains, is made out of the same gas that forms those bubbles. In other words, it is carbon dioxide gas cooled down and compressed until it finally forms a solid, frozen mass.

Solidified carbon dioxide has been produced on a laboratory scale several times, but this is the first application of this queer freezing agent to the preservation of ice cream.

### Painful Sprains, Bruises, Restored By Nerviline

There is soothing power in Nerviline that has made it famous for nearly fifty years past. It sinks in deeply, it penetrates quickly, it takes away the pain from a sprain and brings grateful relief to bruised, aching muscles. If your joints are stiff and you are suffering from Rheumatism or Lumbago; if Neuralgia bothers you now and again, use trusty old "Nerviline." It works wonders, whether the pain is internal or external. Get a large 35-cent bottle from your dealer today.

Smartly Correct

This season the two-piece frock rules over a wider domain than ever, and on many days, the hours of its reign extend from morning to evening. Therefore, it must be practical, yet combine as well, a semi-formal charm for leisurely events. The model pictured here is a typical example of a sports costume that is smartly correct for either a morning of shopping, or an afternoon of bridge. The jumper shows a high, turn-down collar, joined to a vestee with button trimming, and oddly-shaped patch pockets that support a narrow tie belt. It has long set-in sleeves gathered to deep cuffs at the wrists. The skirt, attached to a body lining, is box-plaited at the front only. No 1261 is in sizes 16, 18 and 20 years. Size 18 requires 1 1/2 yards 36-inch plain material for skirt, with 3/4 yard lining for bodice top; blouse requires 2 1/4 yards 36-inch figured material, and 5/8 yard plain contrasting. Price 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dress-maker. Price of the book 10 cents the copy.

## SUNDAY SCHOOL LESSON

JUNE 6

JACOB AND ESAU

Golden Text: Be ye kind to one another, tenderhearted, forgiving each other, even as God also in Christ forgave you. Ephesians 4:32.

Lesson: Genesis 25:19-34; 26:34 to 28:9; 32:3 to 33:17.

Devotional Reading: Matthew 6:9-15.

**Explanations and Comments**  
Jacob's Fear of Esau at Mahanaim, 32, 1-6.—On his return journey to the land of his fathers (see the Historical Background), Jacob reached the spot he named Mahanaim in Esau's territory. He deemed it politic to acquaint Esau of his arrival. The messengers sent ahead for this purpose, returned with the startling news that Esau himself was on his way to meet Jacob accompanied by four hundred men. Jacob was panic-stricken, and good reason had he to be so; naturally he thought that Esau was coming to avenge the wrong he had received at his brother's hands. Jacob was face to face with the consequences of his past.

"You never are done with a sin until it is out in the light and forgiven. Psycho-analysis may have what perceptions it will, it makes some things certain; that a man can sin, that he can have a few qualms of conscience, that he can harden himself and forget, that he can thrust his sin down into the hold of his subconsciousness and shut the hatches on it and sail on; but if he thinks he is through with his sin just because he has crushed it down into his subconsciousness he is mistaken. He is not through with it. That sin is at work still, terribly at work tearing away at the bases of his personality. We Christian preachers for centuries have been saying that no man ever gets through with a sin until it is forgiven, but there is terrific reality given to that fact now by science. You never are done with a sin until it is out in the light and forgiven." (Dr. Harry Emerson Fosdick).

**It will Relieve a Cold.**—Colds are the commonest ailments of mankind and if neglected may lead to serious conditions. Dr. Thomas' Electric Oil will relieve the bronchial passages of inflammation speedily and thoroughly and will strengthen them against subsequent attack. And as it eases the inflammation it will usually stop the cough because it allays the irritation in the throat. Try it and prove it.

### United States Sitting Tight

#### Debtor Nations Are Having Hard Time to Make Payments

Perhaps some day Uncle Sam may feel benevolent enough to follow the policy of Great Britain succeeding the Napoleonic wars, by which enormous continental debts were canceled, but in the meantime he is sitting tight and the debtor nations are trying to devise ways of making payments. They cannot pay in goods because of the United States tariff wall. To raise gold they must undersell Uncle Sam in other markets, which is difficult. And if they sell there they must also buy in other markets, thus shutting out United States importations, which would not contribute to lendency on Uncle Sam's part.—Toronto Globe.

**No Asthma Remedy Like It.** Dr. J. D. Kellogg's Asthma Remedy is distinctly different from other so-called remedies. Were this not so it would not have continued its great work of relief until known from ocean to ocean for its wonderful value. Kellogg's the foremost and best of all asthma remedies, stands upon a reputation founded in the hearts of thousands who have known its benefit.

### Sees Its First Automobile

#### Donegal Village Files Flags in Honor Of Occasion

This little old-world hamlet in the county of Donegal is celebrating the appearance of the first automobile in its midst. In honor of the occasion all the residents hoisted flags.

There are numerous villages in the British Islands which are still living peacefully in the days of long ago, unmarked or marked by outward show of modern progress, but comparatively few can boast of avoiding the march of the automobile.

**Miller's Worm Powders** are the medicine for children who are found suffering from the ravages of worms. They immediately alter the stomachic conditions under which the worms subsist and drive them from the system, and, at the same time, they are tonic in their effect upon the digestive organs, restoring them to healthful operation and ensuring immunity from further disorders from such a cause.

Some men admit that they are self-made, while there are others who blame it on their wives.

Use Minard's Liniment in the stables

## When Butter Is Sold On Sight

Grocers know the value of an attractive Appleford wrap for butter. They realize the selling power of a distinctive design. They know that in the customers eyes it increases the value of the butter.

In Appleford wraps you get a high-grade parchment paper with a special design that is attention-compelling. Being absolutely greaseproof it protects the flavour of your butter.

May we design a wrapper for your creamery? Write us for samples and prices.

### Sir Henry Thornton Optimistic

Expects C.N.R. Will Soon Be Placed On Paying Basis

In an address at the annual banquet of Canadian National employees at Toronto recently, Sir Henry Thornton, president of the system, said that before long, sooner than most people think, the National Railways will not only be self-sustaining, but will also return a profit to the public treasury. Sir Henry also commented on the growing regard in which the public was holding the service of the system and attributed the achievement of this goodwill to the loyalty of the employees.

Minard's Liniment for burns

Airship experts predict that within ten years we may have 400-ton airships, each of which will carry 4,000 men, with equipment equal to ten carloads of freight.

## Banish The Blues

By Observing Nature's Basic Rule

Those who suffer from despondency, listlessness and headaches can usually trace the cause of these conditions to constipation.

They are frequently brought about by overwork, nervous strain, lack of outdoor exercise or sleep, or improper food, but more frequently by the non-observance of nature's basic rule—regular thorough bowel elimination. Poisons from waste matter left behind are picked up by the blood and absorbed by the system, weakening the nerves and lowering the vitality.

**Nujol**, the scientific internal lubricant, corrects constipation in nature's own way by augmenting the supply of nature's lubricant.

**Nujol** by softening the waste matter thus permits thorough and regular elimination without overtaxing the intestinal muscles. It is gentle, safe and natural in its action, and can be taken for any length of time without any ill effect.

Ask your druggist for **Nujol** today and remember—look for the name "**Nujol**" in red on both bottle, label and package.

Strange, Romantic Love Adventures of the Flapper you know!

(Continued)

## CHAPTER VI. Re-enter Brandon

As a rule Joanna ran up the stairs that led from the first floor of the rooming house, once a pretentious residence, to the second floor, where she occupied a one windowed room made by a flimsy partition across what had been the dining room of more glorious days. But Mrs. Adams, who sat quite still in her chair in the drawing room only, was conscious that Joanna walked up slowly this time. She heard her open her door and close it softly, carefully. Usually Joanna slammed her door with a bang and a song.

Mrs. Adams examined her \$500 note, turned it over and looked curiously at the yellow back, held it closely that she might read the various engraved assurances that it was a solemn symbol of \$500 real money. And she looked at the geraniums in the pottery bowl as intently as if she were counting the petals. But she seemed to be detached. There always had been a soft spot in Mrs. Adams' heart for Jo. Somehow this soft spot was hurting just now. Her eyes lit upon the bundle Joanna had kicked into a corner. That was like Jo. She'd leave bundles all over the house if they contained anything that had been supplanted by something new. The landlady regarded this bundle with something troublesome gathering in her eyes. She got up laboriously. Beside the flowers she put down the \$500 note. Then she went over to the corner and picked up the package.

For a time she held the cumbersome parcel in her arms, staring down at it. Painstakingly she untied the cord and unwrapped it. She folded the wrapping paper neatly and put it down. Then she held up the coat and let it open.

This had been Joanna. The very breath of her, the zest and the pretense of her. It was imitation fur, but good enough to serve its purpose. Its lines had the swagger, even if its lining was only mercerized cotton. Mrs. Adams had marvelled often at the uncomplaining patience with which a girl like Jo could put her hunger into a thing like this—the hunger that ten and fifteen cent lunches, and scantier breakfasts, pined. She shook her head dubiously. The trouble that had been in her eyes deepened to an inward sadness. She took the coat into her own room, laid it across the

foot of her bed tenderly and then brought the \$500 note, which she folded and slipped into the handkerchief pocket in the coat lining. Then she sat down to think, forgetting all about the flowers on the table in the "drawing room only."

Upstairs Joanna was trying also to think. She down on the bed and put her chin in her hand, her elbow propped on a crossed knee. But the room imprisoned her too tightly. The walls, dotted here and there with photographs of boys, a movie star or two and a framed lithograph of Niagara Falls, pressed in on her and suffocated her. She needed more space. With all that money in her bag, and with more, all the money in the world, more than she ever possibly could get rid of, she must get out again, out onto the street where the crowds were, into the stores, and buy, buy, buy!

She'd never been able to buy. Joanna hadn't. Always she'd had to shop and haggle. The fellow who ran the store in the office district, where she bought filmy, sheer things of tinted crepe de chine, he'd collapse when she should walk in, call for his fanciest sets with real hand worked lace on them, the ones he hung in his showcases for the same reason Cohen hung the mink in his window—when she should walk in, call for these expensive sets and pay the price without haggling him down a dollar or two. She'd go around there now! Tomorrow after she'd talked with John tonight she could take an hour or two and think. Think what to do and how.

She slipped out without seeing Mrs. Adams. At the corner she hailed a taxi and went first to the shop where the dainty things in crepe were. The shopkeeper didn't collapse. He was calm. As if such a lavish purchasing were not at all unusual to one who dealt in such dainties. Joanna lost interest in his wares and in him. Suddenly this little shop with the gaudy, but enticing window display, and the racks filled with billowy, soft things in every conceivable tint and shade, became unpretty, uninviting. She completed her purchases, though, and went out to her waiting cab.

She remembered her first picnic. Strange how her thoughts were slipping backward during these hours! That picnic! Because she had been particularly good for a week her mother had permitted her to go with the other girls, older girls, without a guardian to restrain her. And she was in such a stew when the baskets were spread out and the girls and boys broke up into parties and hunted out the swigs and wading places around the little lake. There was so much for her to do, so much sheer joy to garner in, that she ran about in circles unable to make up her mind where to begin. She was like that day, but it was funny that she should remember. And queer, too, that today she had something of that same old, silly feeling that had come to her during the picnic afternoon.

She had stopped for a minute that afternoon between racing from one excitement to another to catch her breath and to say to herself with childish eagerness that she was glad she'd been—good. Today when she came out of the lingerie shop she was glad in a way that she had been—well, perhaps there were no medals hanging on her soul, but she was safe in wishing her mother and father were where she could go to them today. They'd give lots of room to give her an argument, of course—about skirts up to the knees and stockings so thin that her legs showed through and about some other things, but she could look them straight in the eyes just the same. It would be so splendid if they, or one of them, could be here now!

This climax to her reflections and her memories of the picnic occasion revived the glow in the slim, eager body. There wasn't anybody to share with her, except John, so she decided to just let it go at that. He'd help her, too, to reason out something

Carry it

about the thing that happened to her. She by herself simply couldn't.

By late afternoon, what with some hectic scrambling into and out of her taxicab, she was ready for her descent upon the silk counter. She tried to forego that logical detail of the day, but couldn't. Courageously she had alighted the shops and stores where girls of the counters and offices got their copies of avenue modes. She boldly went onto the avenue itself, even into the upper section, where to be admitted as a patron is an award of honor which, earned, brings a marvelous deference and where she was called "Mademoiselle." The result fell upon the silk counter as a sudden breath of some exquisite narcotic that sweeps the senses into appalling ecstasy.

Joanna had timed her visit cleverly; she appeared during the lull between the leisurely shoppers who finish early and the last minute crush of the hurrying, belated ones. Traffing behind a spacious grande dame who was threading her way through the aisles, she suddenly stood at her old counter, only on the other side of it, her gray gloved fingers tapping sharply on the polished wood, in obvious imitation of the department buyers. With her roguery dancing out of her eyes at every face behind the counter—the faces of her workday friends—she purred sweetly:

"Good morning, young ladies!" At that moment Joanna's voice was the silver tinkle of ineffable inner harmonies.

Store patrons sitting at the counter turned curiously to scan the newcomer. In the attitudes of the girls who served them they sensed a drama.

It was George, Joanna's best chum and also one of Mrs. Adams' flappers, who was first to find her tongue.

"Good Lord!" she breathed. "Look what the stork's dropped!"

Then there was a rush. Joanna without ceremony, oblivious to customers with bellows of vari-colored silk in their hands, stepped back into the aisle and swung around for inspection.

(To be continued)

## U. S. President's Creed

Public Men Could Do Worse Than  
Take Advice of Coolidge

President Coolidge is not a notable speechmaker. But on the occasion of his first inaugural as governor of Massachusetts he gave this as his creed:

Expect to be called a standpatter, but don't be a standpatter. Expect to be called a demagogue but don't be a demagogue. Don't hesitate to be as revolutionary as science. Don't hesitate to be as reactionary as the multiplication table. Don't expect to build up the weak by pulling down the strong. Don't hurry to legislate. Give administration a chance to catch up with legislation.

Which is not a bad one for a public man.—Ottawa Citizen.

## BURNS.

Mix Minard's with sweet oil.  
Spread on brown paper and  
apply to parts injured.  
Soothes and heals rapidly.

## Searching For Trace Of First Immigrant

Anthropologist Believes Clue Can Be  
Found In Yukon

A search for the first American immigrant—the oldest inhabitant and the ancestor of the Indians found by Columbus—has been started by the Smithsonian Institution.

Dr. Alex Hrdlicka, National Museum anthropologist, has started for Alaska, scene of the finish of the flight across the North Pole, to search along the rivers, coasts and the tundra for a few bits of pottery and bone, to prove scientifically the belief that the first American came from Asia.

Hrdlicka set out for the Yukon, where legends still are told among the Eskimos of battles between Asians and the Eskimos, terrible struggles for the right of way past the fishing grounds that furnished livelihood to primitive men.

Hrdlicka thinks the ancestors of the first American crossed the Bering Straits, fifty miles wide at its narrowest point, and worked their way down the coastal plains into the temperate zone, where the warm climate caused various immigrants to develop the many tribes of "Amerindians."

Bits of pottery have been found in Alaska. The Eskimos who now make up the total native population do not make pottery. Through discovery and study of other specimens of pottery, bones and primitive implements, Hrdlicka thinks he can find a clue to the first visitors who probably came just after the glaciers receded.

## The Boulevards Of Paris

Peculiar to French Capital But Comparatively New Institution

Paris is undergoing a surgical operation. The Boulevard Haussmann, begun under Napoleon III, is at last being finished and the great avenue of Haussmann's vision will soon be a reality. The boulevard in general is a Paris institution. No other European city could ever imitate its pulsating and colorful life. Yet it is not an old institution. Its origin may be placed in 1848, when everybody began to meet everybody on fashionable thoroughfares. Yet the boulevard was far from the presentable state of later years. Louis Philippe started to lay pavements. Before that time the streets were a sorry mess, as may be gleaned from an account of the time. "A pretty woman wants to cross the street, but seeing the awful mud, hesitates. A sturdy gentleman, noting her predicament, seizes her without a word and carries her in his burly arms safely to the opposite sidewalk. There, instead of thanks, reproaches are heaped upon his head. For a moment he stands staggered. Then, still without a word, he once more seizes the lady and carries her back to where he found her."—New York Evening World.

Corns disappear when treated with Holloway's Corn Remover without leaving a scar.

## Little Helps For This Week

And the work of righteousness shall be peace; and the effect of righteousness, quietness and assurance forever. —Isa. xxxii.

Follow with reverent steps the great example

Of Him whose holy work was "doing good";

So shall the wide earth seem our Father's temple.

Each loving life a psalm of gratitude.

—John Greenleaf Whittier.

To remedy evil, to strive for good, not to neglect the little daily duties and beneficences of life, the gracious acts, the tender courtesies, the tolerant appreciations—in one word, to love God and our neighbor, and to believe on the name of Jesus Christ, and to love one another as He gave us commandment—this is to live as Christ lived on earth.—Frederic William Farrar.

## Veteran For Civil Service Commission

Premier King has written to General Griesbach, Dominion president, Army and Navy Veterans in Canada, promising to submit to cabinet recommendations made by General Griesbach that a former member of the forces should be appointed to one of the existing vacancies in the personnel of the civil service commission.

## Prince Has Simple Tastes

Heir to British Throne Is No Lover of  
Magnificence

Many a wealthy young peer looks with a shade of disdain upon the simple apartments which the Prince of Wales occupies at St. James' Palace. The truth is, says the London Mail, the Prince is no lover of magnificence. Had he wished, he could, or course, have set up a great country estate, something in the style of Burleigh-on-the-Hill, near Oakham. But he prefers to be unencumbered.

## INDIGESTION BANISHED

Through the Timely Use of Dr.  
Williams' Pink Pills

The urgent need of all who suffer from indigestion is a tonic to build up the blood. Pain and distress after eating is the way the stomach shows it is too weak to perform the work nature intended it to do. New strength is given weak stomachs by Dr. Williams' Pink Pills, because these pills enrich and purify the blood. This is the natural process of giving strength and tone to the stomach and accounts for the speedy relief in stomach disorders that follow the use of these pills. Proof of this is given by Mr. Wm. H. Kelly, 216 Earl St., Kingston, Ont., who says:—"I cannot recommend Dr. Williams' Pink Pills too highly. I had been bothered with indigestion in a chronic form for almost ten years. Everything I would eat would turn sour. I felt as though there was a big ball in my stomach all the time. I felt tired and weak and would often turn dizzy. I doctored and tried many medicines, spending many, many dollars, but to no avail. One day I heard a lady praising Dr. Williams' Pink Pills and I decided to try them. I am more than glad I did, for soon I found relief, and after taking the pills for a couple of months the trouble disappeared, and now I can eat all kinds of food, and have again my old-time health and strength."

If you will send your name and address to The Dr. Williams' Medicine Co., Brockville, Ont., a little book, "What to Eat and How to Eat," will be mailed to you prepaid. This book contains many useful health hints.

You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

About the only difference between the antiquarian and the junk dealer is in the prices they pay for useless things.

## LEG SORES

ARE CURABLE. If you suffer from Leg Sores or Varicose Ulcers, I will send you ABSOLUTELY FREE a copy of my famous book that tells how to be rid of these troubles for all time by using my remarkable painless treatment. It is different from anything you ever heard of, and the result of over 35 years' specialising. Simply send your name and address to Dr. H. WHITTIER, Suite 22, 425 East 11th Street, Kansas City, Mo.

**A BROKEN DOWN SYSTEM.**  
This is a condition (or dis ease) to which doctors give many names, but which few of them really understand. It is simply weakness, a break down, as it were, of the vital forces that sustain the system. No matter what may be its causes (they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is increased vitality—vigour, vital strength and energy to throw off these morbid feelings, and as night succeeds the day this may be more certainly secured by a course of **THE NEW FRENCH REMEDY, THERAPION No. 3**

than by any other known combination. Soberly as it is taken in accordance with the directions accompanying it, will the shattered health be restored **THE EXPIRING LAMP OF LIFE LIGHTED UP AFRESH**, and a new existence imparted in place of what had so lately seemed worn out, used up, and valueless. This wonderful medicine is suitable for all ages, constitutions and conditions, in either sex; and it is difficult to imagine a disease or derangement whose main feature is weakness, that will not be speedily and permanently overcome by this recuperative essence, which is destined to cast into oblivion everything that had preceded it for this wide-spread & numerous class of human ailments. Sold by leading Chemists, or either by return mail from Dr. L. C. L. H. Co., Havre-etec 84, St. N. & Leaden

## Church Announcements

### EVANGELICAL NOTES.

Next Sunday morning (Children's Day) the pastor will address the congregation on "Why we Baptize Children," which will be followed by the baptism of several who have recently inquired about it. Others interested in this matter of Baptism for themselves, or parents in behalf of their children are invited to consult the pastor before Sunday.

Don't forget that the regular Children's Day program will be given in the evening of this coming Sunday. It promises to be both interesting and instructive as well as inspiring to young and old. Special music.

Word has just been received from Rev. L. H. Wagner, district presiding elder, saying that the dates for the convention to be held here are now set for July 1, 2, 3 and 4. Bishop Maze will be the main speaker and presiding officer.

Under the auspices of the Christian Endeavor a very enjoyable time was spent at the home of Mr. Dan Dippel last Monday evening by a host of our young people. After reception and several hours of good wholesome entertainment on their spacious lawn, the company marched to a camp-fire in an adjoining field singing booster songs for "Christian Endeavor." Then after encircling the fire a further program of nature songs, etc., was continued. This again was followed by a self-service weiner roast on the glowing camp-fire coals. Rolls, sandwiches, cake and coffee were also served finishing the lunch with roasted marshmallows. A procession of autos then conveyed the young people back to their respective homes.

### KNOX UNITED CHURCH

Mr. E. Riemer has been informed that the Baptist Camps and Assembly at Gull Lake this year will be bigger and better than ever. The program exceeds in interest, inspiration and recreation. The Gull Lake Baptist Assembly grounds are situated eight miles west of Lacombe, and comprise eleven acres of fine camp grounds on the shores of sixty square miles of beautiful lake. With excellent sleeping accommodation, large dining hall in which excellent meals are served, and a beautiful assembly hall, this camp is considered one of the best equipped camps in the Dominion.

The dates are as follows: Boys' Camp, July 5th to 17th; Assembly July 19th to August 2nd; Girls' Camp, August 2nd to 16th.

Mr. Riemer will be glad to give any information desired concerning this camp.

There is a vital relationship between health and the inner life. Mr. Hayes is taking as his subject for Sunday, "The Kingship of Self-control." It is a personal message, dealing with principles that make for successful living. Why is it that some men and women can carry heavy burdens with apparent ease? They can pass the breaking point without breaking and "come smiling through." Great living doesn't come by chance. There are definite laws that govern it, and these must be studied and obeyed. A healthy mind has much to do with a healthy body. The message on Sunday will be a helpful one.

Tuesday evening June 15th, a strawberry social will be held. Watch for notices.

### LUTHERAN SERVICES.

June 30th

In Didsbury at 3.30 p.m. Service in German Language.

At Westcott at 7.30 p.m. Service in the English Language. Topic: "Two Tests of Our Christianity." The Rev. Luke of Calgary will preach the sermons.
